MINERAL SHADOW EMERALD MIST

A soft, fine and creamy powder shadow that suits everyone! Excellent colour pay off and no fall out this shadow will last all day and into the night.

The new pigment technology delivers earth-derived micro-minerals with the skin smoothing effect of a satin finish. The hypoallergenic formula is loaded with Vitamins A, E and C to condition and protect the eyelids, while natural minerals shield against ageing aggressors.

TAPERED BLENDING BRUSH

Ideal for controlled application of crease colour. Using just the tip of the brush to pick up colour, apply directly onto the crease and sweep through. Effect is blended, but defined.

Bristles made from taklon, a "green" and allergy free synthetic fibre ideal for makeup application. Its smooth synthetic fibres do not absorb or trap pigment making it easy to keep clean.
